LOCAL NOTES.

Silver is quoted at 68 1/2

Several more drummers arrived today and are interviewing our merchants.

A. R. English, who has been sick and for the past three days is at his desk again.

Joe Fisher came to town yesterday from the San Bernardino ranch. He will return tomorrow.

Col. Mike Gray is in from old Camp Rucker and reports abundant rains and plenty of feed for stock.

Mrs. J. F. Bean who has been on an extended visit to her old home in California returned last evening.

James Cox, foreman of Ryan Bros. ranch, is a visitor to the county seat from the range, looking the picture of good health.

There is a Mexican band of three pieces, in town who are well up in their line of business. They were out last night giving an exhibition of their attainments, and the music they made was captivatingly sweet.

Charles Noble came in from Dos Cabezas on Saturday's stage. He is pushing development work on his mining properties near that place and reports that results are very flattering and properties looking very promising. —Valley News.

In Olden Times. People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

Troops at San Bernardino are Ordered to Grant.

Ex-Sheriff John Slaughter came in yesterday from the San Bernardino ranch and from him the PROSPECTOR learns that the government soldiers which have been stationed at San Bernardino for the past four months have all been ordered to report to Fort Grant. The order was very unexpected and no one, not even the officers in command, knows the reason for the order unless it was issued because of the late heavy rains, which have flooded all the valley land throughout the Sierra Madre mountains, where the field of operations lay.

Mr. Slaughter thinks the withdrawal of the troops will be only for a short time, and in all probability they will be back within a fortnight, but just at this time it is anything in the way of hunting for renegade Apaches for the reason that the ground is so thoroughly soaked that the troops cannot travel the horses sinking half to their knees at every step.

Colonel Kasterlitzki, of the Mexican Army is stationed at San Bernardino with 40 Mexican soldiers who Mr. Slaughter says, are well mounted and well armed, and who have been acting with our troops in their efforts to hunt down the murderous Apaches that are hid away in the fastnesses of the Sierra Madre mountains. The Colonel and his soldiers are well liked by our troops, and by the people living along the border for, Mr. S. says they are a fine looking lot of men, and deport themselves as gentlemen should.

The troops were out on a scout last week and happened to be camped on a hill in the what is known as Horse-shoe Bend on the Yaqui river, during a heavy storm. After the storm they broke camp and started to San Bernardino but on coming to the river found it impossible to cross and went to a Mormon settlement close by and hired a boat to take their blankets and camp outfit across the river, but had to swim their pack animals and saddle horses, and in doing so one horse became frightened, turned around to go back, and got tangled in the floating brush and was drowned. They finally reached home thoroughly drenched and worn out.

FOR OVER FIFTY YEARS.
An old, well-tried remedy. Mr. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Closing out an overstock of #2 and wire nails and Corrugated Roofing, No. 8d 10d, 20d, 40d and 60d steel and wire nails, per keg, \$4.25; No. 27 Corrugated roofing, painted, 7 and 8 feet lengths, \$3.65 per square. The above prices are delivered at Fairbank A. T. FREE. Terms cash. Address Geo. B. Marsh, Nogales, A. T. 327

The Santa Fe, Prescott and Phoenix railroad officials, says the Los Angeles Herald, have announced that hereafter they will pay \$7 per head for cattle killed by their trains and nothing for horses. To an outsider this may seem wrong, continues that journal, as pertaining to the horses, but the fact is, it is generosity on the part of the company—actual generosity. Range horses are absolutely worthless and men have been out shooting them to save paying taxes. Guns and shells cost money, to say nothing of time taken to kill the animals. Therefore it is a generosity on the part of the company to kill the horses. The fact is the railroad should be paid two or four bits a head by the owners for freeing them of a nuisance.

A CHANCE TO MAKE MONEY.

I read how one of your subscribers made money selling Dishwashers; I ordered one, and my lady friends were charmed as they had dish washing. My brother and I commenced selling them and have made \$1,700 after paying all expenses. We don't canvass any. Our sales are all made at home. People come or send for them. The Mound City Dish Washer is the best Dishwasher on the market. Our business is increasing and we are going to keep right on until we make ten thousand dollars. We will sell from 5 to 15 machines every day and some days more. The Dishwasher is lovely. Every housekeeper wants one. There is no excuse to be poor when so much money can be made selling Dish Washers. For full particulars, address The Mound City Dish Washer Co., St. Louis, Mo. They will start you on the road to success. —A READER.

Attention is called to the advertisement calling for bids for the transportation of government supplies for the troops stationed at San Bernardino. The contract will cover transportation between Bisbee and San Bernardino and bids will be opened on August 15th.

Workingmen who produce capital can live only on such terms as the capitalist makes. These terms they will be obliged to accept while the wage system lasts. If they refuse, there is only one alternative, they must die—if they will not co-operate. —Coming Nation.

From the Vidette we learn that an old gentleman by the name of John Rucker, living near Crittenden, was attacked last Saturday evening and after being knocked down and twice strung up to make him tell where his money was, was robbed of 75 cents and left in an unconscious state, by two Mexicans, who are still at large.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by Druggists.

Last evening there was a friendly bout between two of our local claimants to the right to wear the belt. The contest was witnessed by a number of our sports and the verdict was that both men were very clever with their props. The contest was decided to be a draw.

A little after 7:30 o'clock last night says the Star, a brilliant meteor sprang across the eastern heavens. It seemed to rise rather than fall and its course was so brilliant it seemed to be a series of arc lights; before reaching the zenith it exploded like a gigantic rocket. The trail was visible for five minutes slowly growing dimmer and dimmer until it hung and wavered like a silver thread in the sky.

The Discoverer Saved his Life.
Mr. G. Caillouette, Druggist, Beaver Creek, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial of the Tombstone Drug Store.

Capt. Heyne came in yesterday from his ranch in Rucker canyon. He says this is a glorious season for the general prosperity of the country and this section especially. All industrial interests must be greatly benefited by the copious rains and the stock interests in particular. He is jubilant over the political outlook and predicts a glorious victory for the cause of silver.

Frank Miller, says the Valley News, has sold his interest in the Homestead and extension in South Pass to Dr. C. E. Carr. Consideration, private. These properties have shown some very rich gold ore and as development is soon to be resumed they are likely in the near future to prove large and steady producers.

Dos Cabezas is slowly but surely coming to the front as a copper mining section. Another one of the properties has been bonded to wealthy parties, who will soon begin operations. In regards to the transaction the Valley News says: Frank White and J. Billings, of Dos Cabezas, have bonded their copper properties near the Heads to Mr. Byrum, of Chicago, for a good, round figure. Operations are to commence not later than September 1st, and as the properties are very promising and Mr. Byrum backed by unlimited capital, they promise in the near future to employ a number of men and add materially to the bullion output of the district.

A CHANCE TO MAKE MONEY.

I have Georgia grapes and peaches a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc. to me. 13, FRANCIS CASEY, St. Louis, Mo.

LOST A MILLION DOLLARS.

An Incident of the Moctezuma District Sonora.

F. G. Carothers, a Leadville mining man, returned from Mexico recently, the most thoroughly disgusted individual that has crossed the line for months, so says the Star which has the following interesting account of him. He bore it though in a good natured manner a disappointment which would have crushed one who had not experienced the vicissitudes which fall to an old time miner.

During a residence five years ago in the Moctezuma district, about 90 miles southeast of Hermosillo, he came on an old mine which had been worked for 100 years by Spaniards and Mexicans. He impressed a couple of California miners with the wealth of the gold mine so they "denounced" it and obtained possession.

The trio raised \$18,000 and went to work with a respectable force. After having taken out nearly \$300,000 in ore they were compelled to suspend work for want of funds. They hoped through in a short time to interest sufficient capital to operate the mine on an extensive scale.

At that time the mining law of Mexico required that owners or holders of mines or claims should keep at least six men at work during six months of each year. A year passed and Carothers and his associates let the mine revert to the government, thinking it unlikely that another combination could be formed before they succeeded in perfecting their plans.

Since then Mr. Carothers' time has been chiefly devoted to impressing moneyed men with the wealth of that Mexican mine. A couple of months ago a Chicago syndicate agreed to put up \$250,000 if on the report of an expert, selected by them, the mine should be as marvelously rich as Mr. Carothers represented.

A month ago, accompanied by the expert Mr. Carothers returned to the mine and was overwhelmed to learn that shortly before it had again been "denounced" by a California company who were going to work on an extensive scale as soon as it could raise the money.

Then Mr. Carothers learned something else which had singularly escaped his comprehensive search for information. The mining laws of Mexico had undergone a change within the last five years, making it possible to hold a mine without working

Shame!

Japan tea is all right until it is "Americanized." Do you know what "Americanized" means?

It means: falsified by American merchants (in Japan) to meet an unreasonable demand of Americans in the United States—you.

Some one (you?) demands beautiful tea at thirty or forty cents a pound. There is no such thing; so the merchant takes poor tea that you would n't buy at any price, paints and weighs it (poison and gypsum) until it looks "stylish," and there you have it—"pure Japan tea" at thirty cents or forty cents a pound.

Some one (you?) is helping those un-American Americans bring your country into discredit.

Schilling's Best (money-back tea at your grocer's) is the only pure Japan tea sold in the United States—that we know of.

Also pure and money-backed: Schilling's Best coffee, baking powder, soda, spices, and flavoring extracts.

A Schilling & Company San Francisco

it all the time.

Speaking of his experience he said: "I feel just as if I owned a million dollars in gold a month ago and had it all taken away from me at once by force of fraud."

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

THE NEW HOOK SPOON FREE.

I read in the Christian Standard that Miss A. M. Fritz Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her 10 2-cent stamps. I sent for one and found it so useful that I showed it to my friends and made \$12 in two hours taking orders. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in place by a hook on the back. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. Very truly, JET-13t JEANETTE S.
